MY MISSION

directions

1. **Hold up** the galaxy tablecloth.

Say: Look at this! It shows what outer space looks like. Who wants to help me hold it up?

2. **Pick** two kids to hold up the tablecloth for everyone to see.

Say: Now, let's pretend we have a special mission to go to outer space! But we need to put something on, first—what does an astronaut need to do a special mission in space?

3. **Help** kids **answer**, "A spacesuit!"

Say: Yes! A spacesuit! I have a pretend one right here!

4. **Show** the astronaut vest.

Say: Who would like to put on this spacesuit vest and go on a special mission to space?

5. **Give turns** to kids to **wear** the vest and **pretend to blast off** into space.

Say: Astronauts need a spacesuit to go on their special missions, but Jesus needed an "earth suit" to do His special mission! He became a human so He could die on the cross, come back to life, and be our King!

6. **Say** "Say with Me" listed on the front.

7. For age 4, **ask** "Questions" listed on the front.
